3. CLINIC CONSULTANT REPORT

- Medicare announced a 9.9% decrease in the fee schedule. The other commercial insurance base their fee schedules off the Medicare one. None of the other companies have announced how the Medicare decrease will affect their schedules. Rocky Mountain HMO may increase theirs by 4% or return a higher percentage of their withhold.
- Pacificare is pulling out of the area. That means their Secure Horizons (Medicare plan) will have to find new companies. Two new ones have appeared. They are Wellcare and Value Options.
- Medicare has change where claims get sent and this has caused some delays. The new place is declining the NPI numbers. They have been redone and MMC is awaiting word on whether claims have been accepted
- OIG is going to concentrate on auditing notes that charge an E&M code (office visit code) with a procedure code.
