3. CLINIC CONSULTANT REPORT  
The billing office is working on getting ready for the new format that they must use to submit claims to insurance companies. They and their clearing house are ready but not all insurances are. This could slow our cash flow when it becomes mandatory in January. They are also training on the new diagnosis code system. Eventually they will help train us. Right now Medicare is planning on reducing reimbursements by 24.6-30% on January 1. Last year it did not happen. We will have to wait and see.
