

News from the Plateau Valley Hospital District Board

THANK YOU!

This is being sent to say thank you for your support and keep you up to date on what is going on in your Hospital District. We plan to send you quarterly newsletters updating everyone on "what's happening" at the clinics.

OTHER UPDATES

- The clinic continues to **accept new patients.** Preference will be given to those residing and working within the District Boundaries and local areas. Those outside the District are accepted on a limited basis.
- Be looking for a **survey** in the near future to give you a voice in how your District operates.

MESA CLINIC UPDATE

Many of you have seen our new building in Mesa and perhaps are wondering about it. The plan is to have the Mesa building open two or three afternoons a week while closing the Collbran Clinic at those corresponding times. It will have the same Physicians and staff just in a more convenient location for the Mesa people. The manufacturer of the building has encountered some permit problems and as soon as they get them worked out we will start moving in.

Your Mesa Clinic

We are excited about the future with the Mesa clinic being operational soon. This will allow us to continue to serve all the patients in the Hospital District in a timely manner.

At the time of publication, we are unsure what days and hours the Mesa Clinic will operate.

Both clinics will be open during any given week, just not at the same time. Currently, the Collbran Clinic is open 5 days a week, 8AM-5PM. Tuesdays, we are open early at 7AM, but close for a working lunch from 12PM-1PM. Patients can be seen at either clinic as the need arises, not just on the days the clinic is open in their community.

After hours visits will still be exclusively at the Collbran Clinic because of where the doctors live and the speed with which they can respond to the facility.

NEW STAFFING

The Plateau Valley Hospital District Board of Directors would like to take this opportunity to welcome two new employees to the clinic as office assistants. They are Mary a Collbran resident of eight years, and Brianne, who has

moved to the area from California. Both have backgrounds in the dental field. We are very happy to have these ladies with us.

The staffing that continues with us are Dr. Rollins and Dr. Woodyard, Sue and Joy as the

receptionists, Stephanie as the Clinic Coordinator and medical assistant, Rene as Environmental Services Coordinator, Luann in housekeeping, Emma as part-time filing, and Jessi as Office Manager.
